"Great things are done by a series of small things brought together." — Vincent van Gogh

Dear all
Greetings from the Editorial Desk!

April 2026 at Dronacharya Group of Institutions, Greater Noida, was a month of learning, innovation, achievement, and meaningful engagement. The campus came alive with a diverse range of academic, technical, cultural, sports, and social initiatives that encouraged students to learn beyond the classroom.

From hands-on workshops, hackathons, academic achievements, and research participation to sports activities, cultural celebrations, and social initiatives, the month provided students with valuable opportunities to explore their potential and develop essential skills.

The achievements of our students across academics, innovation, robotics, and national-level platforms reflect the institution's continued commitment to excellence, experiential learning, and holistic development.

As we look ahead, we remain committed to creating opportunities that inspire our students to learn, innovate, lead, and contribute meaningfully to society.

Overall, April 2026 stands as a testament to the institution's unwavering dedication to fostering a well-rounded educational ecosystem—one that seamlessly integrates knowledge, innovation, values, and global outlook. As the academic journey progresses, such initiatives continue to inspire students to excel, innovate, and contribute meaningfully to society.
