VISION

Instilling core human values and facilitating competence to address global challenges by providing Quality Technical Education.

MISSION

M1 - Enhancing technical expertise through innovative research and education, fostering creativity and excellence in problem-solving.

M2 - Cultivating a culture of ethical innovation and user-focused design, ensuring technological progress enhances the well-being of society.

M3 - Equipping individuals with the technical skills and ethical values to lead and innovate responsibly in an ever-evolving digital landscape.

Editor's Desk

Prof. KawalPreet Sawhney

"The advance of technology is based on making it fit in so that you don't really even notice it, so it's part of everyday life."
— Bill Gates

Dear all
Greetings from the Editorial Desk!

A Month of Learning, Innovation, Achievement & Excellence

September 2026 was a vibrant and enriching month at Dronacharya Group of Institutions, Greater Noida, marked by academic excellence, technological innovation, student achievements, and meaningful engagement. The campus witnessed a diverse range of activities that encouraged students to explore new ideas, enhance their skills, and embrace opportunities for learning beyond the classroom.

Throughout the month, workshops, technical activities, innovation-driven initiatives, research engagements, sports events, and cultural programmes provided students with valuable platforms to showcase their talents, strengthen teamwork, and develop essential professional and interpersonal skills. These initiatives reflected the institution's commitment to experiential learning and the holistic development of future-ready professionals.

The accomplishments of our students across academics, technology, innovation, robotics, and competitive platforms continued to highlight their creativity, determination, and pursuit of excellence. Their achievements stand as a testament to the dedication of our faculty members and the institution's supportive learning environment, which nurtures curiosity, leadership, and a spirit of continuous improvement.

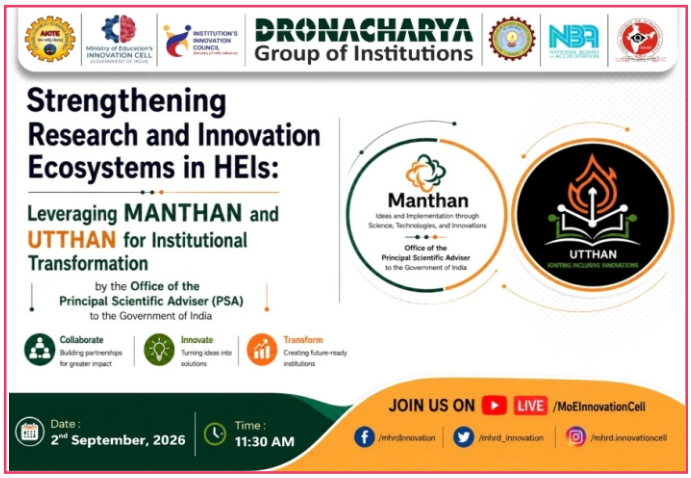

Beyond academics, various co-curricular and social initiatives reinforced the importance of collaboration, discipline, responsibility, and community engagement. By bringing together knowledge, practical experience, and values, these activities contributed to creating a dynamic educational ecosystem that prepares students to meet emerging challenges with confidence.

As we move forward into the coming months, Dronacharya Group of Institutions remains committed to empowering students through quality education, industry-oriented learning, innovation, and opportunities for personal and professional growth.
