

Summer Training Program-2017
on

AUTOMATION

3rd July to 4th July 2017

Single Acting Double Cylinders, Flow control Valves and Direction Control Valves

5th July to 6th July 2017

Pressure control valves, Memory Circuit in Pneumatics, Sequencing and Signal Overlapping

7th July to 9th July 2017

Electrical control systems operating pneumatic power systems

10th July to 12th July 2017

Direct and Indirect Actuation, Limit switches, Sensors and Pressure Switches

13th July to 14th July, 2017

About PLC and its Function, Differentiate between Hardwired control and PLC

15th July 2017

Timer and Counters, PLC circuit for single and multi actuator

Faculty Coordinator: Mr. Gaurav Siwal (7838508365)

Student Coordinator: Saurabh Kumar (ME-10396)

Program: 3-15 July 2017

Timing: 9:30 a.m. to 3:30 p.m.

Venue: Dronacharya Group of Institutions, Greater Noida

Registration
