Mr. Aditya Pal,
Dronacharya Group of Institutions
India

July 02, 2024

Dear Aditya,

I am pleased to approve your request for a **45-days** internship at Gachon University's School of Computing in South Korea, from July 2 to August 16, 2024. During this time, you will perform research on Artificial Intelligence and Machine Learning (AIML) applications, with a primary focus on creating a Safe Transportation Route.

In addition to conducting primary research, you will contribute to the writing of scholarly journal and conference publications on your study topic. This experience will broaden your knowledge and skills in AIML while also providing you with significant exposure to academic publishing.

Please keep in mind that this internship is virtual, so you can do your tasks from anywhere. However, Gachon University will not provide financial support for this internship.

Thank you for your interest in this internship opportunity. Should you require any further information or assistance, please do not hesitate to contact me.

Sincerely,

Razaque Abdul, Ph.D.
Research Professor,
School of Computing, Gachon University South Korea.

Aditya Pal
