Summer@ICERM 2025: Building Useful Insights from Local Data

Jun 9 - Jul 25, 2025

Summer@ICERM is a residential undergraduate research program hosted at the Institute for Computational and Experimental Research in Mathematics at Brown University. Led by experienced faculty and graduate student teaching assistants, participating undergrads will spend seven weeks learning how to collaborate, engage in data science, and conduct research as a team.

While all undergraduate data science beginners from any major are welcome, rising sophomores are encouraged to apply.

Important Notes

Applicants must be undergraduate students at the time of the start of Summer@ICERM 2025.

Funding is available for 1-2 students who are not US citizens or permanent residents.

Funding Includes*

$3,500 stipend

Providence, RI room, board, and travel funding provided . (Brown students who choose not to live in the dorm will waive ICERM provided housing and meal funding.)

Applications submitted by February 4, 2025 will receive full consideration.
