

Summer Research Initiative (SURI) - Internship in USA

The Fulton Schools has summer opportunities for qualified students to gain engineering research experience.

Attend an Information Session

Session #3

Monday, Jan. 6, 2025, 12-1 p.m. MST (AZ)

[Attend via Zoom](#)

Stipend: 5000 USD (Approx INR 4.25 Lacs)
and on-campus housing

Tentative program dates for Summer 2025 are May 19th to July 15th, 2025 & are subject to change.

Students between the junior and senior years of their undergraduate degree and those currently pursuing master's degrees who are considering pursuing a doctorate will be given highest priority. Participants work under the mentorship of research faculty for the eight-week long research program and have opportunities to network with industry partners, other faculty and their peers through a variety of events and activities

Application Deadline: 1 Feb, 2025
