

A 3D bar chart with purple and red bars of varying heights, set against a purple background. A dashed white line with a paper airplane at its end trends upwards from left to right. A smaller, jagged line graph is visible in the background behind the bars.

PRODUCT DESIGN INTERN

As a Product Design Intern at Upstox, you will solve real-world problems in the fintech space, working alongside seasoned designers and cross-functional teams. You will get hands-on experience in shaping user journeys, building intuitive interfaces, and creating designs that impact millions of users. This is an opportunity to learn, experiment, and contribute meaningfully in a high-growth product environment.
