

Summer internship 2021

Blue Marble Space Institute Of Science

BMSIS provides opportunities for college students and recent grads to participate as Research Associates with our institute, providing opportunities to participate in basic research and to learn about science communication. The Young Scientist Program includes required modules in **science communication** as well as **ethics and society** with guidance from project mentors and other research scientists at BMSIS.

Eligibility Requirements :-

- 1) Degree of B.E / B.Tech. (completed or pursuing)
- 2) Minimum age should be 18 years.
- 3) Able to dedicate at least 5 hrs per week for the duration of the program.

Important Dates for the 2021:-

- 1 March 2021** – Applications will be open by this date
- 15 April 2021** – Applications close
- 3 May 2021** – Decisions communicated to applicants
- 1 June 2021** – YSP begins
