

9th India Innovation Initiative 2017

Last Date for registration:
2 Sept. 2017

Register Now

India Innovation Initiative (i3) is one of India's most prestigious and most-awaited national innovation challenges promoted by the Confederation of Indian Industry (CII) in partnership with the Department of Science and Technology (DST), Government of India and All India Council for Technical Education (AICTE) that aims to encourage, enable and provide support to the development of home-grown, high-impact science & technology-based innovations and their transformation into viable and scalable commercial and social ventures.

Since its inception in 2009, it has been connecting original innovations having high social or industrial impact with the start-up ecosystem of business incubators, angel investors, venture capitalists and mentors at different stages of the innovation or business cycle, after they undergo a highly- competitive selection-process.
