CLEAN ENERGY COMPETITION

Prizes upto 10,000\$

Registration Deadline : May 31st , 2021

Considering the amount of the world's energy supply that is still derived by environmentally harmful methods, change cannot come soon enough. Ultimately, innovative, and unique concepts related to clean, sustainable, and accessible energy are the solution. STEAM at Siemens Energy invites you to participate in this competition to make a change. Design a unique solution that solves a problem related to clean, sustainable, & accessible energy.
