DISCIPLINE AT DGI

At DGI we believe that the best environment for learning is a disciplined environment. Student, faculty, and our staff members are bound together in this organization due to some common policies designed and followed throughout. We are proud of our 13 years of legacy and the discipline that we have generated and practiced in the system. This has not only helped our internal team, but also helped our students in their professional lives. It is desired from the students to carry forward this rich legacy.

We train our students to be disciplined in all forms and at all contact points in the campus and they are assessed at various levels. The students are given many facilities to enhance their academics, social life, recreational activities, hobbies, etc. These activities are designed for their overall development. The Institute is bound to take disciplinary actions in case of any ruckus or disobedience of the students in the campus.
