Industrial Visit to "NeoKraft Global Pvt. Ltd."

14th July,2023

Dronacharya Group of Institutions, Greater Noida organized an industrial visit to "NeoKraft Global Pvt. Ltd." on 14th July 2023. 50 students accompanied by faculty member went for the visit.

The objective of the industrial visit was to provide students with a firsthand experience of modern manufacturing and fabrication practices, especially related to customized metal fabrication, sheet metal works, and integrated production processes.

On 14th July 2023, 50 students from Dronacharya Group of Institutions, Greater Noida, visited **NeoKraft Global Pvt. Ltd.**, a prominent name in metal fabrication and design solutions. Students were welcomed by the company's HR and technical team, who gave a brief introduction about the company's vision, projects, and technological capabilities. This was followed by a detailed walkthrough of the facility where students observed various departments such as design, CNC laser cutting, bending, welding, powder coating, and final assembly.
Throughout the visit, students were guided by company engineers who explained the role of automation, precision, and quality control in meeting client-specific requirements. The interaction also included a discussion on industry expectations from fresh graduates, safety standards, and the scope of innovation in fabrication technology. The visit concluded with a feedback session and group photo, leaving students enriched with practical knowledge and motivation for their future careers.

Dear Sir,
 Greetings from Yakult!

It was nice talking to you.

In the reference to your request, we confirm your visit to Yakult on **23ʳᵈ Sept-2023 at 11:00am**, please consider this as a line of confirmation.

There are some protocols that are mandatory to follow for the Yakult factory visit.
1. **Wearing Mask (voluntary, up to visitors)**
2. **Double dose of vaccination is required for everyone**
3. **Cold and cough infected individuals will not be allowed (if found they must wait inside the bus)**

The duration of the session at the factory is approx. 1.5 hrs. **We can accommodate 120 students at a time.**
Following are the activities we organize for students in factory:
=> Presentation on probiotics, their history and relevance in maintaining good health
=> Watch the production process
 Kindly acknowledge your suitability for the same.
 Regards,
Swati Yadav

Dear Madam,

Dronacharya Group of Institutions, Greater Noida is one of the prestigious Engineering Institute of India. It is affiliated to Dr. APJ Abdul Kalam Technical University (AKTU) Lucknow. The aim of the Institute is to serve the society and impart high quality education to students in the field of Engineering, Management and Information Technology. To achieve this goal, the Institute endeavours to provide

suitable and adequate platforms to students for the gainful exposure in terms of meaningful industrial visits.

We plan to send a batch of 20 students to your esteemed organisation for familiarization and exposure towards the nuances of Engineering & Technology. We request you to kindly grant permission for this industrial visit which shall greatly enhance the students' knowledge and vision of system operation. The proposed date for visit is 23rd Sep 2022 (Friday) or the dates convenient to you may be forwarded for our planning purpose.

We shall be grateful for the consent accorded.

Thanks & Regards,

Industrial visit to 'Yakult Danone Private Limited'
23rd September 2023

Institution's Innovation Council (IIC) under the Ministry of Education (MoE), Dronacharya Group of Institutions, Greater Noida, organized an educational industrial visit to Yakult Danone Private Limited on 23rd September 2023.

The primary objective of this visit was to familiarize students with the processing, research, and production techniques employed at Yakult Danone India Pvt. Ltd.

Yakult, a globally recognized probiotic drink, was introduced in the Indian market in 2007 through a joint venture between Yakult Honsha (Japan) and Groupe Danone (France). Established in 2005, the company focuses on manufacturing and marketing probiotic products in India. The production facility, located in Sonepat, Haryana, is HACCP certified and follows strict quality and safety standards. The health benefits of Yakult have been scientifically validated through more than 80 years of continuous research.

Upon arrival, the students and faculty were warmly welcomed by the Yakult team. The visit began with an insightful presentation by a Yakult executive, who provided an overview of the company's history, operations, and global presence. This was followed by a tour of the product display area, showcasing Yakult's availability across different countries.

The students then proceeded to the heart of the facility — the manufacturing unit. The guided tour covered various crucial sections of production, including the seed room, probiotic preparation, quality control, and the research and development wing. The entire process, from fermentation to bottling and packaging, was shown to be highly automated, ensuring consistency and hygiene at every stage.

Following the tour, all participants assembled in the seminar hall, where a Yakult representative conducted a Q&A session, addressing students' queries and deepening their understanding of the company's operations and product development protocols.

This visit provided the students with valuable insights into advanced automation, research methodologies, and quality assurance practices in the food and beverage industry. It was an enriching and informative experience that significantly enhanced the students' academic and practical knowledge.

Hello,
     As per the request, I am scheduling the industrial visit for the students of Dronacharya Group of Institutions, Greater Noida on 11th of December 2023 at Coca-Cola Happiness Factory for a maximum of 35- 40 students with faculty members in a slot. Reporting time will be 10:00 a.m.
     Students have to be in formals/uniforms/smart casuals with identity cards. Please give instructions to students that they have to maintain discipline and decorum throughout the visit. If any kind of nuisance or indiscipline will be created by students, visits will be stopped and also if you have the upcoming visits, that will be cancelled as well. Everyone needs to cover their faces with a face mask. Kindly ask students not to carry their bag packs along with themselves.
     Important note :- Kindly bring a letter at the time of your visit on college letterhead with the mentioned details like- "All the students and faculty members who are going to visit Coca-Cola Happiness factory industrial tour on so and so date are fully vaccinated. And also attach students details like Name, contact number, email address and course.
     - Visit can be rescheduled/canceled anytime in case of a company official visit/audit/emergency.
     - Please note, we are in a lean season. Line will run based on demand.

Industrial Visit: Coca-Cola Happiness Factory, Moon Beverages Limited

11th December 2023

ISTE Student Chapter and **Institution's Innovation Council (IIC), Ministry of Education (MoE), Dronacharya Group of Institutions, Greater Noida** organized an '**Industrial visit'** to the **Coca-Cola Happiness Factory, Moon Beverages Limited**, located in Greater Noida on **11th December 2023**. Dr. Sahab Singh (MBA Dept.) along with **45 students** from MBA and B.Tech visited the factory.

The primary objective of the visit was to familiarize students with production and operations management and provide them with valuable insights into the overall management of a beverage factory.

Coca-Cola is engaged in the production of various beverages, including carbonated drinks and juices. According to recent reports, the company serves more than 2 billion servings globally every day, employing 7 lakh individuals and collaborating with approximately 225 bottling partners to deliver its services worldwide.

Ms. Richa Gupta, Corporate Officer-Training & Development at **Coca-Cola Happiness,** initiated the session by providing an overview of the company's origin, stake, and a comprehensive explanation of the production and operations process. She conducted a seminar in which she discussed how raw materials are procured, the transformation of fruits into pulp, the filling of machinery with juices and pulp, and the packaging of cans and bottles in various sizes using robotic structures. This was followed by loading for final product delivery through transportation.

Ms. Richa Gupta offered hands-on-discussion with students and provided profound insights into Coca-Cola's journey to becoming the 10th largest employer globally and its commitment to sustainability since 1977. Ms. Gupta also educated students about "5M2020," an initiative by Coca-Cola towards Corporate Social Responsibility (CSR), along with strategies for creating an unforgettable product image in the beverage market.
She effectively demonstrated the practical application of theories taught in academic institutions, fostering awareness in society. She addressed all queries and doubts from visiting students at the end of the visit, concluding with an invitation for them to taste Coca-Cola.

Students attentively observed every detail provided by the guide, expressing keen interest in learning the intricacies of beverage production and packaging for end consumers. The industrial visit proved to be highly informative, offering significant learning opportunities for the students.

Subject: Confirmation of Student Visit to Cosy Toys Factory

Dear Dronacharya Group of Institutions,

I trust this message finds you well. My name is Jyotish Dhali, and I am writing to formally confirm the upcoming visit of 10 students from the Dronacharya group of Institutions to our Soft toys manufacturing factory.

We are delighted to welcome the students on 13-Dec-2023 at 12: 00 p.m., Add:- A-40, Second floor, Sector 10, Noida. Our team is committed to providing an informative and engaging experience that will offer valuable insights into the Soft toy manufacturing process. The visit will include a guided tour of our facilities, where students will have the opportunity to observe various stages of production, learn about quality control measures, and gain a comprehensive understanding of the craftsmanship involved in our industry.

To ensure a smooth and enriching visit, we kindly request the following details:

1. A list of participating students along with the names of accompanying faculty members.
2. Any specific topics or areas of focus that the students would like us to address during the tour?

Additionally, please let us know if there are any forms or documentation that our company needs to complete in advance of the visit.

We are dedicated to providing a safe and educational environment for all participants. Our team is well-prepared to answer questions and engage with the students to make their visit both enjoyable and educational.

We appreciate your collaboration and look forward to hosting the students from the Director
Dronacharya group of Institutions at our facility. If you have any further questions or if there are stitutions
additional details we should be aware of, please do not hesitate to contact us.   27, KP-III, Greater Noida-201306

Thank you for the opportunity to contribute to the educational experience of the students, and we look forward to a successful and informative visit.

Sincerely,

--

Industrial Visit to Cosy Toys Factory

13th December 2023

Institution's Innovation Council (IIC), Ministry of Education (MoE), Dronacharya Group of Institutions, Greater Noida organized an industrial visit to " Cosy Toys Factory" on **13th December 2023. Faculty member Prof. Sarita Tiwari** along with **45 students visited the factory.**

The visit was organized with the objective to give learning and practical exposure of students.

Cosy Toys Factory are the manufacturers, exporters, and distributors of exclusive soft toys in the NCR area. Company always try to maintain our quality standards to meet the little one's expectations. It is a B2B company, providing materials wholesale to retailers who, in turn, sell the toys to customers. The Unique Selling Proposition (USP) of Cosy Toys is their exclusivity and dedication to customer satisfaction

Dronacharyans were welcomed by company officials **Mr. Jyotish** and **Mr. Kartik.** They gave a small presentation about the company.

After the presentation, student saw the entire manufacturing process of toys, observing how starting with a rough idea, they carve the whole toy into reality according to customer demands. The materials and accessories required vary each time, requiring careful consideration to match customer expectations. As an example, they showed students an octopus made for a corporate client in bulk, with tagging, printing, and packaging exclusively done for the client.

In addition to personalized products, they also deal in pet toys and animal plushies. Their basic idea is to first understand customer needs and then design the product accordingly. The toy's idea is initially designed in 3-D and then translated into 2-D. The next steps involve creating a prototype and then proceeding to the final product.

The design process is the initial step in the manufacturing process, followed by cutting the textile material, stitching according to the design, and finally stuffing the toys. Quality checks are crucial before packaging, which is done on-site. For most bulk orders, they use vacuum packing to reduce transportation costs.

Logistics and supply processes are also managed by the company, utilizing different vendors they are associated with to provide end-to-end solutions for the customer. Skilled labor is required for these activities, necessitating extensive training and development to ensure the production of quality products efficiently.

In the first two years of the company's startup, they faced challenges due to a lack of awareness about bulk raw material providers, resulting in higher costs compared to competitors. Subsequently, they conducted research and explored the market for more affordable raw materials.

Director
Dronacharya Group of Institutions
27, KP-III, Greater Noida-201306

Students also explored all departments of the company. Students were actively asking questions to gain further knowledge about the toy industry and its workings.

Overall, the industrial visit proved fruitful in terms of learning and motivation for the students to become entrepreneurs and explore new avenues for the sustainability and growth of the Indian economy. The Government of India's support to MSMEs for substantial growth adds to the positive outlook.

Industrial Visit to Askay's Solutions

21st December 2023

Institution's Innovation Council (IIC), Ministry of Education (MoE), Dronacharya Group of Institutions, Greater Noida organized an **Industrial Visit** to **"Askay's Solutions"** on **21st December, 2023. Faculty member** Dr. Swati Srivastava (Associate Professor, MBA Dept.), accompanied the **First and Second year students of MBA Dept.** throughout the industrial visit**.** The industrial visit was meticulously orchestrated to facilitate learning and practical exposure for the students. The company, known for its expertise in the manufacturing, assembling, and distribution of premium quality trigger sprayers, flip top caps, and closures in the NCR area, provided a rich educational experience.

The commencement of the industrial visit took place during morning hours from the Dronacharya Group of Institution, Greater Noida Campus, with the college bus serving as the means of transportation. The event garnered the blessings and presence of esteemed figures, including Prof. (Dr.) Seema Shukla (Director, DGI), Prof. (Dr.) S.K. Srivastava (Registrar, DGI), Dr. Ritu Soryan (HOD-MBA), and Dr. Swati Srivastava (Associate Professor, MBA Dept.)

Upon arriving at Askay Solutions, the students were warmly welcomed by Mr. Umesh (Head of Operations at the firm.) Engaging in discussions with him, valuable insights were gained, revealing that Askay Solutions, with a four-year tenure in the market, specializes in exclusive manufacturing, assembly, and distribution of premium quality trigger sprayers, flip top caps, and closures tailored to customer specifications.

Further information was provided by Mr. Gajendra Singh (Officer at Askay Solutions), elucidating the company's status as a B2B entity, supplying finished goods to renowned companies such as Dabur and Patanjali. The Unique Selling Proposition (USP) of Askay Solutions lies in its premium quality plastic products, exclusivity, and unwavering dedication to customer satisfaction.

The industrial visit encompassed a comprehensive exploration of the entire manufacturing process for trigger sprayers, flip top caps, and closures. Observing the intricate process unfold, from the inception where raw materials were transformed into the final products through the utilization of high-quality injection molding and assembly machines, highlighted the meticulous attention to detail. The company's commitment to zero wastage by re-churning and reusing waste materials was also evident. Askay Solutions proudly manufactures and assembles small units in a spectrum of vibrant colors, including Red, Light Blue, Future Blue, Orange, Green, Black, etc.

Mr. Akhilesh Gupta, another promoter of Askay Solutions, shed light on the company's sourcing of raw materials from Reliance Company. The design of molds, manufacturing and assembly of product parts, and the transformation into finished products were detailed steps in the production process, culminating in stringent on-site quality checks. Students also got the opportunity to understand the 5S cyclical methodologies—sort, set in order, shine, standardize, sustain—which facilitate continuous improvement.

Director
Dronacharya Group of Institutions
27, KP-III, Greater Noida-201306

For bulk orders, Askay Solutions employs vacuum packing to minimize transportation costs, and the company manages logistics and supply processes through its network of associated vendors. Skilled labor plays a crucial role in these operations, necessitating extensive training and development to ensure efficient production of quality products. Remarkably, Askay Solutions experienced significant profit during the Covid-19 pandemic by supplying a large number of trigger sprayers fitted to sanitizer bottles.

The students actively explored all departments of the company, posing insightful questions to deepen their understanding of plastic parts manufacturing and its intricacies. As a gesture of appreciation, Askay Solutions generously gifted Trigger Sprayers to commemorate the students' visit.

In conclusion, the industrial visit proved to be a valuable learning experience and a source of motivation for the students, inspired them to consider entrepreneurship and explore new avenues for the sustainability and growth of the Indian economy. At the conclusion of the visit, Mr. Umesh and Mr. Gajendra were invited to guide the students on the nuances of the startup business, reflecting the students' eagerness for further knowledge.

(78th Foundation Day)

4th January 2024

To embrace the Science Excellence at CSIR-NPL's 78th Foundation Day, **Institution's Innovation Council (IIC), Ministry of Education (MoE), Dronacharya Group of Institutions, Greater Noida** organized a visit to **CSIR- NPL, New Delhi** on **4th January 2024. 44 students of 1st semester, Department of Electronics and Computer Engineering along with two faculty member, Dr. Anirban Mishra & Mr. Pranay Bhadauria visited CSIR-National Physical Laboratory, New Delhi.**

The objective of the visit was to provide an opportunity to students to gain insights into the cutting-edge advancements in science, technology, and metrology.

The CSIR-National Physical Laboratory (CSIR-NPL), the National Metrology Institute (NMI) of India, is a premier laboratory, founded on January 04, 1947, under the umbrella of Council of Scientific and Industrial Research (CSIR), New Delhi, Government of India, by an Act of Parliament.

The celebration kicked off with the ceremonial lamp lighting, symbolizing the illumination of knowledge and innovation. **Chief Guest Dr. Ashutosh Sharma,** President INSA and Ex-Secretary, DST addressed the gathering in the gracious presence of Honorable Prof. Venu Gopal Achanta, Director, CSIR-NPL. Dr. Ashutosh Sharma inspired, motivated and appreciated the strides made by Indian Scientists for nation building, especially the role of CSIR-NPL and impact of metrology for self-reliant India.

Dr. Ashutosh Sharma, released 'Bharatiya Nirdeshak Dravya (BND)" – Indian Reference Material. Several of the world metrology leaders also presented their visions, in the NMC, on the role of metrology in societal and industrial growth through online virtual platform.

The main emphasis was placed on the importance and impact of the metrology in the success of several initiatives of Government of India, namely 'Atma Nirbhar Bharat' (Self-Reliant India), 'Make in India', 'Digital India', 'Skill India', 'Vocal for Local', etc.

Prof. Venu Gopal Achanta said, during all these years, the journey of the CSIR-NPL has been wonderful, splendid and magnificent on several aspects of celebrations, pride, recognition, global visibility and its services for the national cause. It has achieved many milestones, developed technologies of national eminence, organized many memorable events, successfully participated in various national missions' time to time and published considerable amount of literature for knowledge generation in the form of research papers, patents, copyrights, books, monographs, technical peers, Calibration and Measurement Capabilities (CMCs) and study reports, etc. The successful journey of these glorious years though looks easy, simple, normal and customary but in

actual sense, lot of pain staking efforts, huge work, vicissitudes are behind all these accomplishments.

The event allowed students to interact with professionals, scientists, and researchers from CSIR-NPL. This networking opportunity may open doors for potential collaborations, internships, and future endeavors in the field of science and technology.

Industrial Visit to Mother Dairy Plant

8th January 2024

Institution's Innovation Council (IIC), Ministry of Education (MoE), Dronacharya Group of Institutions, Greater Noida organized an industrial visit to **"Mother Dairy Plant"** on **8th January 2024.** Dr. Deepak Kumar (ME Department) along with 27 students visited the plant.

The main objective of the visit was to cultivate knowledge and insight into key areas such as marketing strategies, operations and research and development (R&D).

Mr. R K Pillai, Senior Superintendent at Mother Dairy Plant, welcomed the students, initiating an informative session. He delivered a comprehensive presentation about the historical background of the establishment of the Mother Dairy Plant. Then proceed with description of plant's operations and the intricate milk production process, offering the students valuable insights into the diverse quality control measures employed to uphold the safety and purity of the final product. Following the presentation, the students embarked on a guided tour of the plant, providing them with a firsthand observation of the milk production process in action. This immersive experience allowed students to comprehend the intricacies involved in each step, emphasizing the significance of ensuring the safety and purity of the final product.

The session concluded with a delightful indulgence in flavoured milk and ice cream, adding a delicious and memorable touch to the students' experiential journey at the Mother Dairy Plant.

Dear Umesh Naik

Greetings of the day. As per our telephonic discussion I am writing to request permission for our students to visit your company Eco-Vision Industries.

Dronacharya Group of Institutions affiliated to **Dr. APJ Abdul Kalam Technical University,** Lucknow, is one of the prime engineering institutions of India located in Greater Noida. The mission of the Institute is to serve the society and impart high quality education in the field of Engineering, Management & Information Technology. To achieve this, the Institute has launched premier programs, events and acquired state of the art facilities in the academic arena.

We have been following the impressive work being carried out at Eco-Vision Indusries with great interest, and we believe that a visit at your esteemed organization would provide invaluable learning experiences for our students. Interacting with professionals in the field, observing cutting-edge technologies, and gaining hands- on experience would not only enhance their academic knowledge but also inspire and motivate them towards their future careers.

We understand that organizing such opportunities requires careful planning and coordination, and we are committed to working closely with you to ensure a smooth and successful visit/internship experience for all parties involved.

We would be grateful if you could kindly consider our request and provide us with the necessary permissions and guidance to proceed further. We are also available to discuss any additional details or requirements you may have.

Thanks & Regards
Prof. (Dr.) Arpita Gupta

Industrial Visit to "Eco Vision Industries"
10th January 2024

Dronacharya Group of Institutions, Greater Noida, organized an industrial visit for first-year MBA students to **Eco Vision Industries**, under the guidance of Dr. Sahab Singh on January 10, 2024.

The visit aimed to provide students with a comprehensive understanding of the company's operations and methodologies.

Established in October 2008, Eco Vision Industries specializes in the production of tiles, fiber garden furniture, interlocking floor tiles, pavers, GFRC Jali, Bracket Brick, and other similar products. The company caters to both the Indian market and SAARC nations and is recognized as one of the leading exporters of garden furnishing products in Surajpur, Greater Noida.

The students were warmly received by Mr. Jitendra Pareek (Founder) and Mr. Sanjeev Arora (General Manager - HR, Admin & Sustainability), along with their team. They provided an overview of the company's functioning, HR policies, financial structure, and introduced the department heads.

During the visit, students had the opportunity to tour various departments, including manufacturing, quality control, refining, and logistics. They observed how design and trend teams work collaboratively to ensure timely product delivery. The company's positive work culture was evident in the way it supports its employees.

Additionally, students were given insights into the packaging process and distribution strategies via logistics. They showed great enthusiasm, asking relevant questions related to their respective areas of specialization. A special motivational session further uplifted the spirits of the students.

Overall, the visit was highly informative, allowing students to gain practical exposure to current industry policies and practices, ultimately boosting their confidence and understanding of real-world business operations.

Industrial Visit to Supreme Industries Ltd.

19th January 2024

In a concerted effort to cultivate knowledge and insight into key areas such as marketing strategies, operations and research and development (R&D), an instructive **"Industrial visit"** to '**The Supreme Industries Ltd.'** Under **SAEINDIA Collegiate Club** was meticulously planned for students of **Dronacharya Group of Institutions, Greater Noida** on 19th **January, 2024**. **34 students** from B.Tech. first year and second year students (Mechanical Engineering Dept.) visited the plant with **Dr. Deepak Kumar (ME Dept., DGI)** under the supervision and support from **Prof. (Dr.) Shailesh Kumar Singh (HOD, ME Dept., DGI)**

Deepak Kumar, the Human Resources Head at Supreme Industries Ltd, extended a warm welcome to the students, commencing an informative session. He presented a comprehensive overview of the historical background of Supreme Industries Ltd.

Following that, **A.K. Thakur, the Assistant General Manager,** provided insights into plant operations. He shared technical knowledge about the plant's working mechanism, covering the entire process from procuring raw materials to dispatching the final product. Subsequently, the students were divided into three groups, each was assigned a mentor.
Each mentor guided their respective group through visits to different plants within the industry. They explained various operations, processes, and manufacturing details of the parts, concluding with a tour of the assembly section.

At the end of the visit, students had the opportunity to take a group photo with senior members of the industry.

Subject: Industry Visit Request

Dear Sir
Greetings from Dronacharya Group of Institutions, Gr. Noida
On behalf of **Dronacharya Group of Institutions Greater Noida,** I wish to request for permission to conduct an industrial visit at your company.
We, at Dronacharya Group of Institutions, are absolutely committed to serve the society and improve the mode of life by imparting high quality education in the field of Engineering and Management catering to the explicit and implicit needs of the students, society, humanity and industry. 'Shiksha evam Sahayata' i.e. Education and Help are the two words etched on our banner soaring higher year after year. Our goal is to continuously improve the healthy learning environment and facilities being provided to the students to achieve academic excellence for employability as world class Technocrats and Managers, apart from making them noble human beings of a nation growing from strength to strength, dispelling the darkness of ignorance and ameliorating the society by means of philanthropic endeavours.
We wish to undertake an industrial visit at your company on **any week day** to acquire practical knowledge in specific subject areas. Our academic curriculum focuses on engaging students in practical experiences to observe the implementation of what they are taught in our campus. We believe that your company will give our students relevant knowledge during this visit.
A group of students (30-40) in B. Tech. (IT , CSIT , AI , CSE , ME , EC, EE, ECZ) and faculty members (02) intend to participate in this industrial visit. (Name of selected teachers and students'

name).Kindly make arrangements for a tour in the relevant departments in your company.
Please allow us to conduct an industrial visit to your company and meet your skilled employee. Kindly contact us on vashistha23@gmail.com or 9818208699   If there are other requirements for the visit.

Sir can we plan visit on 29 or 30 Jan 2024 (Monday/Tuesday) !
Thank you in advance.
Yours faithfully,
Dr. Pawan Sharma

Exposure Visit to Haier Appliances India Pvt. Limited

30th January 2024

Institution's Innovation Council (IIC), Ministry of Education (MoE) and **ISTE Student Chapter, Dronacharya Group of Institutions, Greater Noida** organized an **Exposure Visit** to **"Haier Appliances India Pvt. Limited"** on **30th January, 2024**. **B.tech 2nd Year Students** went to the visit along with faculty coordinator Dr. Deepak Kumar. This visit aimed to provide students with hands-on exposure to the operations, technology, and processes in a modern manufacturing environment.

The students were welcomed by the Haier team, who gave a comprehensive overview of the company's history, growth in the Indian market, and their contribution to the home appliances sector. The visit commenced with a tour of the manufacturing facility, where the students observed the various stages of production, including assembly lines, quality control mechanisms, and packaging processes. The plant tour offered them valuable insights into automation technologies and lean manufacturing techniques used to optimize efficiency. The Haier team demonstrated how the use of cutting-edge machinery and adherence to international standards ensured the production of high-quality appliances such as refrigerators, washing machines, and air conditioners.

In addition to observing the technical operations, students were given the opportunity to interact with Haier's engineers and management, who explained the importance of research and development (R&D) in maintaining competitiveness. This discussion encouraged students to think critically about product innovation, energy efficiency, and the role of engineers in shaping future technologies.

The visit concluded with an interactive Q&A session, where students sought advice on career opportunities in the manufacturing sector and the skills required to excel in such a dynamic industry. The industrial visit to Haier was an enriching experience that offered students an in-depth understanding of the company's products, manufacturing processes, and commitment to excellence.

Industrial Visit to Allied Nippon Pvt. Ltd
12 April 2024

SAE India in collaboration with the **Mechanical Engineering Department of Dronacharya Group of Institutions, Greater Noida** organized an industrial visit to **Allied Nippon Pvt. Ltd., Ghaziabad** on **12th April 2024.**

The visit aimed to provide students with practical exposure to real-world manufacturing processes, particularly in the automotive sector. Around 45 students, accompanied by faculty members, participated in the visit. The company, known for its advanced brake systems and friction materials, welcomed the students with an introductory session, followed by a guided tour of its production units, including mixing, molding, heat treatment, machining, and quality control departments.

During the visit, students observed modern machinery in action, gained insights into automation in manufacturing, and interacted with engineers on topics like product development, quality assurance, and environmental safety. The session concluded with a Q&A round, where students clarified their doubts and explored career prospects in the automotive industry. The visit proved to be highly informative and inspiring, effectively bridging the gap between classroom learning and industrial application.

Dear Tulika,

Greetings of the day. As per our telephonic discussion I am writing to request permission for our students to visit or intern at BotLab Dynamics.

Dronacharya Group of Institutions affiliated to **Dr. APJ Abdul Kalam Technical University,** Lucknow, is one of the prime engineering institutions of India located in Greater Noida. The mission of the Institute is to serve the society and impart high quality education in the field of Engineering, Management & Information Technology. To achieve this, the Institute has launched premier programs, events and acquired state of the art facilities in the academic arena.

We have been following the impressive work being carried out at BotLab Dynamics with great interest, and we believe that a visit or internship opportunity at your esteemed organization would provide invaluable learning experiences for our students. Interacting with professionals in the field, observing cutting-edge technologies, and gaining hands-on experience would not only enhance their academic knowledge but also inspire and motivate them towards their future careers.

Here are some details regarding our request:

1. **Purpose:** The visit/internship aims to provide our students with exposure to real-world applications of robotics and automation, and to deepen their understanding of the latest advancements in the field.

2. **Duration:** We are flexible regarding the duration of the visit/internship and are open to discussing options that best suit your schedule and our students' learning objectives.

3. **Number of Participants:** We anticipate sending a group of students as per your policy

We understand that organizing such opportunities requires careful planning and coordination, and we are committed to working closely with you to ensure a smooth and successful visit/internship experience for all parties involved.

We would be grateful if you could kindly consider our request and provide us with the necessary permissions and guidance to proceed further. We are also available to discuss any additional details or requirements you may have.

We also express our heartfelt congratulations to BotLab Dynamics on the incredible drone show. The innovation and creativity demonstrated in the show are truly commendable, and it was a delight to witness the spectacular display of technology in action.

Thanks & Regards
Prof. (Dr.) Arpita Gupta

Industrial Visit to BotLab Dynamics, a startup of IIT Delhi

19th April 2024

IEEE student Chapter, Dronacharya Group of Institutions, Greater Noida in association with **IIT Delhi** organized an Industrial visit to **"BotLab Dynamics, startup of IIT Delhi"** on **19 April 2024**. Faculty member **Dr. Lily Gupta** (ECE Department) along with students of CSE/CSIT/ECE/EEE/ECZ/ME department went for the visit.

The objective of the visit was to make students familiarize with Real-world applications of robotics and automation and current trends and challenges in the industry.

BotLab Dynamics is steadfastly advancing in the realm of drone technology and pioneering the automation of intelligent unmanned aerial vehicles in India. Their focus is on swarm technology which enables many drones to fly autonomously and simultaneously to achieve the assigned tasks and create formations in the sky. Being a research oriented start-up and having spent above seven years in R & D for UAV applications, BotLab has built all the solutions in-house to ensure flexibility and precision while deploying solutions.

Trainers of Botlab, Mr. Ubair Ahmed, Mr. Sanskar, Mr. Amitaab Goyal welcomed students of DGI and introduced the company to the students. Trainer briefed students, the various sections of the company.

Students were then introduced to the innovative projects currently under development, including autonomous drones, robotic arms, and AI-integrated systems. Trainers explained the methodologies and technologies involved, such as machine learning algorithms, sensor integration, and control systems. Next students visited Manufacturing Unit where they introduced to various manufacturing processes, including CNC machining, additive manufacturing (3D printing), and assembly lines. Students observed how precision and quality are maintained during production. The trainers then demonstrated rigorous testing procedures to ensure reliability and safety of the robotic systems. Students learned about simulation environments and stress-testing techniques.

Live demonstrations of BOTlab's flagship products, including a robotic arm performing intricate tasks and an autonomous drone navigating through a complex environment was also done for the students.

During the interactive session, trainers shared their experiences and discussed career opportunities in robotics and automation. They also provided tips on how students can enhance their skills and stay updated with technological advancements. They also cleared the doubts of the students.

The industrial visit to BOTlab Dynamics was a highly enriching experience for the students. It bridged the gap between academic learning and industry practices, inspiring students to pursue excellence in their careers.

1. यह संस्थान श्री / कुमारी **Sh Nitin Adhikari** को उनके कार्यक्रम से 01 / 02 महीने का प्रशिक्षण कराना चाहता है।

The Institute is willing to provide training to Mr/Ms .... for 01/02 month with effect from the date of joining.

2. यह संज्ञान में लाया जाता है कि उनको कोई वजीफा नहीं दिया जायेगा तथा न ही आवास की सुविधा उपलब्ध कराई जायेगी।

It may be noted that no stipend/employment will be granted to him/her and he/she will not be provided with any accommodation.

3. डीआरडीओ प्रयोगशालाओं / स्थापनाओं में किसी भी प्रशिशु छात्र को प्रशिक्षण के दौरान व्यक्तिगत रूप से दुर्घटना के कारण किसी भी प्रकार की चोट आने पर वे डीआरडीओ द्वारा प्रतिपूर्ति / मुआवजे के हकदार नहीं होंगे।

The DRDO will also not be liable for compensation in case of personal injury caused by accident arising out of and in the course of students' attachment to DRDO Labs/Establishments.

4. प्रशिशु अधिनियम 1961 के प्रावधान इस योजना में लागू नहीं होंगे।

The provisions of Apprentices Act 1961 do not apply to this scheme.

5. छात्र को उनके प्रत्यपत्र की संशीक्षा के उपरांत ही लिया जायेगा। प्रशिशु को राजपत्रित अधिकारी द्वारा जारी चरित्र प्रमाण-पत्र, आधार कार्ड, अपने आवास का पता और दो पासपोर्ट आकार के फोटोग्राफ (सफेद बेकग्राउंड के साथ) प्रस्तुत करने होंगे। साथ ही बायोडाटा, कॉलेज रेकमेंडेशन एवं लैब द्वारा भेजे गए ट्रेनिंग मेल (प्रत्येक की 03 प्रतियाँ) प्रस्तुत करें।

The student will be taken subject to scrutinizing his/her credentials. He/She should submit a character certificate issued by a Gazetted Officer, Aadhar Card, proof of his/her residence and two passport size photograph (with white background). Also bring 03 copies each of Biodata, College Recommendation & training mail sent by the Lab.

6. यह ध्यान में रखा जाए कि मेटकॉफ परिसर में मोबाईल फोन, पेन ड्राइव और किसी भी प्रकार का स्टोरेज मीडिया लाना पूर्णतया निषिद्ध है।

It may be noted that Mobile phone, Pen drive & any kind of storage media are strictly prohibited in Metcalfe House Premises.

7. प्रशिक्षण समाप्त होने से 03 दिन पूर्व मानव संसाधन विकास अनुभाग को अपनी रिपोर्ट जमा करें।

Report must be submitted to HRD Division before completing 03 days training (Room No. 103)

INNOMATICS
RESEARCH LABS

Date: 6th June, 2023

Letter of Recommendation

To whomsoever, it may concern

With great pride and pleasure, we recommend **Manas**, who successfully completed his internship in Full Stack Development with Innomatics Research Labs, from February 20, 2023, to April 30, 2023.

Throughout the entire Internship tenure, he has successfully completed the various projects and assignments assigned in time.

His dedication, determination & zeal to skillfully overcome challenges is striking and are essential traits for being a successful & well-rounded Full Stack Developer.

Manas is highly deserving and has showcased the willingness to work hard, both efficiently and independently.

We recommend **Manas** with utmost sincerity and believe that he will be a tremendous asset to your organization.
