(Event Report 2020-21)

Name of the event: Awareness Program on “Expert guidance on prevention of Heart Diseases during Covid Times”

Date of the event: 23/07/2020

No. of Participant: 100

Summary of the event: NSS wings of Dronacharya Group of Institutions, Greater Noida in association with Dr. Reddy’s Foundation for Health Education (DRFHE) organized an online awareness session on “Expert guidance on prevention of Heart Diseases during COVID TIMES” on 23rd July, 2020. Dr. Sujeet Narain (HOD & Senior Interventional Cardiologist, Kailash Hospital) was the eminent speaker of the awareness program. 280 students attended the program.

The objective of the event was to increase knowledge and awareness about Heart Diseases. He advised eating lots of foods high in saturated and trans fat may lead to heart disease. Eating foods high in fiber and low in saturated fats, trans fat, and cholesterol can help prevent high cholesterol levels. He told about proper quantity wise usage of salt (sodium) in diet can also lower blood pressure. He also advised the students to practice Yoga on a regular basis.

He said, five basic lifestyle steps can radically reduce chances of developing cardiovascular risk factors and ultimately heart disease: No smoking, Maintaining a healthy weight, Exercising, following a healthy diet, Improving sleep health.

The students were highly benefitted from the session.

Name of the event: Awareness Program on “Dry Eye”

Date of the event: 15th July 2020

No. of Participant: 75

Summary of the event:

Dronacharya Group of Institutions, Greater Noida in association with **HEDUCATE SOULTION** (Denoting Health and Education) organized an online awareness session on “**Dry Eye**” under the banner of **DGI NSS Wing** on **15th July, 2020**. The objective of the event was to raise awareness about Dry eye.

Dry eye is a condition where the eyes do not produce enough tears or of the needed quality. It not only affects the patient’s vision, but also disturbs their quality of life, causing anxiety and even depression, often affecting their professional productivity. The session started with the welcome address of the Resource Person **Dr. Prerna Matta, Glaucoma Specialist, Tirupathi Eye Centre** by **Dr. Jaswinder Kaur, Faculty of DGI GN**.

Dr. Prerna Matta said that Dry eye syndrome is a chronic and typically progressive condition. Depending on its cause and severity, it may not be completely curable. But in most cases, dry eyes can be managed successfully, usually resulting in noticeably greater eye comfort, fewer dry eye symptoms, and sometimes sharper vision. Dry eye disease can have a number of causes, and a variety of treatment approaches are used.

Dr. Prerna Matta discussed that for mild cases of dry eyes caused by computer use, reading, schoolwork and other situational causes, the best dry eye treatment may simply be frequent use of artificial tears or other lubricating eye drops.

She recommended gently cleaning the eyelids before bedtime to kill bacteria that can cause blepharitis and meibomian gland problems, which can contribute to dry eye symptoms. For at least 20 seconds, apply a wet, moist washcloth to your closed lids. Then, using a gentle cleanser like diluted baby shampoo or pre-moistened eyelid wipes from the drugstore, gently wash your lids and lashes.

She laid emphasis on, when outdoors in daylight hours, always wear sunglasses that block 100% of the sun's UV rays. For the best protection, choose sunglasses that also feature a wrap-style frame to protect your eyes from wind, dust and other irritants that can cause or worsen dry eye symptoms.

Pro.f Vineet Mishra, Registrar, Prof. S.K. Srivastava, NSS Program Co-ordinator, all faculty members and students attended the online session.

Dr Prerna Matta concluded her session by solving the queries of the participants. The online session came to end with the **Vote of thanks by Dr.S.K.Srivastava to Dr Prerna Matta , Mrs Sheila (Director) Heducate Solutions** and her team members.

Name of the event: INTERNATIONAL YOGA DAY

Date of the event: 21st June 2020

No. of Participant: 130

Summary of the event:

Yoga is an invaluable ancient Indian practice with numerous benefits to both physical and mental health. In context of the current **COVID-19 pandemic** including restrictions on the movement of people and a slowdown in economic activity, the benefits offered by Yoga have become especially important for physical and mental wellbeing. Yoga is benefited for health and immunity enhancement and it is also globally accepted.

International Day of Yoga (IDY) 2020, scheduled to be held on **21 June, 2020**, with the key goal of using digital media this year to promote raise Yoga awareness and its adoption due to the current pandemic situation globally.

In an effort to participate actively in the **International Yoga Day**, the **NSS Wing of Dronacharya Group of Institutions, Greater Noida** organized a **Yoga Session** through online AKTU given link session on **21st June 2020 at 7:00 am** for the students, teachers and staff members.

The main aim objective of observing the IDY is to remind the people across the globe about the benefits of Yoga and to build enduring public interest by highlighting its importance and contributions to public health. Therefore, it would be our privilege to associate with students, faculties and staff members in this endeavor in championing the cause of Yoga to serve as a tool in the betterment of health and wellbeing of the community, especially improving immunity and physical health in present situation.

Name of the event: **BW Disrupt Women Entrepreneurship Summit**
IIC, NEW DELHI

Date of the event: **31st January - 1st February 2019**

No. of Participant: **20**

Summary of the event: Students and Faculty from **Dept. Of Management Studies, Dronacharya Group of Institutions, Greater Noida** attended the Two Day **BW Disrupt Women Entrepreneurship Summit** at **IIC, New Delhi** on **31st January - 1st February 2019**. **Dr. Shuchi Mathur, Assistant Professor (MGT)** accompanied the students to the summit.

In a world where perception is reality, this summit in **Delhi** witnessed a conversation with women leaders on why brand building and image building are important, and the important tips for women entrepreneurs to make the most of opportunities present in personal and company image building. The forum was formally started with the keynote session by **Mr. Anurag Batra (Chairman, Editor-in-Chief, Business World)**. **Mr. Batra** discussed about **3F's of Entrepreneurship, family, friends and food**. He said that when there is a failure, project can fail, idea can fail but the person never fails. He emphasized on helping people realize their potential.

Further remarks were delivered by **Mr. Mahendra Swarup, (Founder, Venture Gurukool)**, about cracking the capital raising code. **Mr. Swarup** discussed about the venture capital.

During the Panel Discussion on **Behind the Scenes: The Co-Opt Model** chaired by **Mr. Ruhail Amin**, Editorial lead, Business World, women entrepreneurs suggested **4P's, Passion, Paisa, Patience and Persistence** to have a balanced work life and quality family time.

On the second day, **Ms. Kiran Ray Chaudhury**, Co-founder Joint Managing Director, 80 dB Maverick, played the perfect host during the panel discussion. The panel consisted of **Amandeep Arora**, Head-PR Communications, Doc Prime (A Policybazaar Group Company); **Indu Sharma**, Head-Corporate Communications, RB India; **Prabhjot Minhas**, Head-Marketing Communications, Teradata India; **Shree Das**, Corporate PR Lead, Xiaomi Technology and **Vandana Chopra**, Head-Brand Communications, KPMG.

When asked how should women give priority to themselves in building their own brand, **Mr. Das** said, "Probably it's not in the DNA of a women to go out there and toot their own horns but honestly women are better at communicating and telling the success story, better at sharing what good has been done out there, what we don't realize is that there is a cut throat competition and if you don't go out there you will probably get over shadowed.

The panelists enlightened the audience by sharing hacks to be a perfect entrepreneur. "Women need to stop being martyrs. Stop trying to do things all by yourself, just learn to priorities and learn to delegate. We have fingers in several pies and become jack of all trades and master of none. Stop being a control freak," concluded **Mr. Chopra**.

Summary of the event: "**Early detection is the key to prevention**"

Dronacharya Group of Institutions, Greater Noida has celebrated "**Breast Cancer Awareness Month**" in October 2019 under which a webinar was organized for the female staff and students.

Doctor from Aastha Hospital stated breast cancer is the most prevalent form of cancer. This disease has become a major problem all across the world including India.

With the help of videos she elaborated, breast cancer is caused by uncontrolled growth of cells, which results in formation of lumps within the breast. It is one of the treatable forms of cancers unless or until detected early. Otherwise it can be a life threatening disease as it can also spread to other parts of the body.

She discussed facts that breast cancer affects women both in the developed and the developing world. It can occur at any age but, it is most common in women above the age of 40 years. In India, Breast Cancer accounts for 25% to 31% of all cancers in women. The average age of developing breast cancer has also undergone a significant shift from 50 - 70 years to 30 - 50 years.

She informed students and staff against risk factors of breast cancer such as family history, breast lumps, dense breast, age, diet and lifestyle choices, radiation exposure, obesity and estrogen exposure.

Name of the event: VISIT TO VISHWAS REHABILITATION CENTRE

Date of the event: 19th JANUARY 2018

No. of Participant: 28

Summary of the event: **DGI SMILE Club** under the banner of NSS Wing of **Dronacharya Group of Institutions, Greater Noida** visited "Vishwas", a rehabilitation center for differently abled people at Greater Noida on 19th January 2018.

"Vishwas" provides support for mentally and emotionally disturbed person and integrate them with public and society. It fulfills the need for psycho-social rehabilitation. It has about twenty people who are struggling to live a normal day-to-day life. They are suffering from Schizophrenia, a kind of mental illness and allied disorders.

The **DGI** visiting team comprised of 25 **DGI SMILE Club** volunteers and faculty members **Dr. Kumud Rana, Mr. Manik Mittal** and **Dr. S. K. Srivastava**.

VISHWAS inmates welcomed the volunteers and faculty members with their beautiful smiles.

Dr. Mridula Seth - Secretary, RFS Delhi Branch gave a brief introduction about the history of Vishwas.

The **DGI SMILE Club** had a comprehensive program of activities designed for Vishwas inmates to help them overcome their limitations in their personal and social life. The prime concern of volunteers was to involve the inmates in fun based activities like singing, dancing and Few games. The volunteers also played Antakshari based on Topic "**Mann Ki Bat**". Which was appreciated and helped the inmates to invoke the spirit to overcome gloomy situation in their life. The inmates were very hospitable and friendly.

The tender smile on the wrinkled faces, the spirit to sweep over the challenges, love and happiness, the positivity in the ambiance and the tinkle of hope to see again was the most precious gift that the volunteers got in return.

Dr. S. K. Srivastava thanked **Dr. Mridula Seth** for for letting the NSS volunteers experience life with a different perspective. The team returned to the college with a promise to organize many more such visits in future.

Name of the event: Awareness Session on Hypertension & Blood Sugar

Date of the event: 16th February 2018

No. of Participant: 40

Summary of the event: **DGI Rotract Club** and the **NSS Wing of Dronacharya Group of Institutions, Greater Noida** jointly organized an Awareness Session on "Hypertension & Blood Sugar" on 16th February 2018, The program was organized in association with the Rotary Club of Green Greater Noida. The objective of the session was to spread awareness about causes, ill-effects and prevention of Hypertension and Blood Sugar.

The session started with the welcome of the Resource Person, Dr Amit Gupta (Senior Consultant Physician and Diabetologist), Director PROMHEX Amrapali Hospital, Greater Noida and Mrs Preeti Aggarwal, President - Rotary Club of Green Greater Noida.

Dr. Amit Gupta started the session with the description of of hypertension, which he said is another name for high blood pressure and can lead to severe complications and increase the risk of heart disease, stroke, and death.

Dr. Amit Gupta said that the force exerted by the blood against the walls of the blood vessels constitutes Blood Pressure. This pressure he said depends on the work being done by the heart and the resistance of the blood vessels. Dr. Gupta suggested that the blood pressure is best regulated through proper diet and lifestyle adjustments before it reaches the stage of hypertension.

He laid emphasis on engaging for 30 minutes of moderate-intensity, dynamic, aerobic exercise for patients with hypertension. This he said can include walking, jogging, cycling, or swimming. He suggested to perform regular exercise, yoga and meditation for perfect functioning of heart which would ultimately control Blood Pressure.

Prof. (Dr.) Ashish Soti, Hon'ble Director presented memento to **Dr. Amit Gupta** and **Mrs.Preeti Aggarwal**.

Prof. S.K. Srivastava, NSS Program Co-ordinator proposed the Vote of Thanks. The session was compered by Ms. Devangi Grover.

Name of the event: Prime Minister's Interactive Session : 'Pariksha pe Charcha'

Date of the event: February 16th 2018

No. of Participant: 125

Summary of the event: Students of **Dronacharya Group of Institutions, Greater Noida** witnessed an interactive session "**Pariksha Par Charcha**" hosted by **Hon'ble Prime Minister, Sh.Narendra Modi** on **February 16th 2018**. The program was organized by **Ministry of HRD, Govt. of India** at Delhi's Talkatora Stadium.

Starting the session, the PM said, "**You are not talking to the Prime Minister of India, you are talking to a friend.**"

PM Modi interacted with thousands of students from across the country and addressed their examination-related concerns. Before he took questions from the students, he said "it was his exam today", and thanked his teachers for whom he is "still a student". "They inspired me to keep the student alive in me," PM Modi said.

Director
Dronacharya Group of Institutions
27, KP-III, Greater Noida-201306

When asked about how to maintain self-confidence, he said, **"Self-confidence is very important. It's not a pill or herb. There is no tablet that can be consumed for instant confidence. We have to build it every day."**

PM Modi recalled when he was student, he read Swami Vivekananda's writings who said that **you may have the blessings of all the gods and goddesses, but if you don't believe in yourself, then all those blessings are futile.**

He asked the students not to compete with others, and advised parents not to put unnecessary pressure on their wards by comparing them with other children. **"Every child is different. Try to find out what they are good at and don't force your dreams on them. Try to be friends with your children,"** he said. He said that as per the science of war or sports, we need to play on our own ground. He advised that as an independent, separate person, it is not correct to compare oneself with a peer who is a different person. The other person's environment, experiences and growth are completely different.

As far as children of India are concerned, he said, they are "born politicians". "They know how to get their work done."

He spoke about the importance of a healthy balance between **IQ (intelligence quotient) and EQ (emotional quotient)**. **"Emotional bonding is essential for your overall development. It helps in forging relationships. Intelligence without an emotional connect is worthless. IQ might help you achieve success, but EQ gives you a purpose in life,"** he added.

Learn to "defocus" before you can focus, was another suggestion by PM Modi. **"Let yourself loose, do what want to do. It will help you focus."**

He also urged students to **"be warriors, not worriers"**. **"Treat exams like festivals"** and **"a happy mind is the secret of a good mark sheet"** were among his other suggestions.

Towards the end, when he was asked by a student if he was prepared for the Lok Sabha elections, he said he was confident of passing his "exam next year". "I have the wishes of 125 crore Indians with me."

Sh. Prakash Javadekar, Minister for Human Resource Development, also addressed the students. He said that the aim of the Govt. is to change the quality of education and the attitude of students towards exams and life as a whole.

Date of the event: 9th February, 2018

No. of Participant: 50

Summary of the event: **DGI SMILE Club** organized an Interactive Session on "**Beat the Stress - Be Your Best**" on **9 February 2018**, under the banner of NSS Wing of **Dronacharya Group of Institutions, Greater Noida**. The objective of the session was to spread awareness on mental stress and its prevention.

The session was organized in association with the **Richmond Fellowship Society (India), Delhi Branch** and **Mind Piper** and was conducted by **Ms. Sumita Bhadrige (Community Outreach Manager)**, **Ms. Rashi Sinha (Innovation Manager)** from **Mind Piper** and **Mr. Kalimuddin** from **RFS Delhi Branch** conducted the session.

Director
Dronacharya Group of Institutions
27, KP-III, Greater Noida-201306

Ms. Rashi Sinha demonstrated simple ways to understand stress. She said that some amount of stress is helpful for motivating a person to work in turn increasing excitement, and improving performance. Excessive stress, on the other hand, occurs when the demands made from a person exceeds the capacities of the person to fulfil them.

Ms Sumita Bhadrige discussed the causes of stress. She said that it could be due to internal or external changes, such as the diagnosis of a serious health problem, changing cities for further studies or staying away from one's family and friends. Stress is experienced by everyone and eachone responds to it differently.

Ms Bhadrige focused on solutions to reduce stress. She suggested many healthy ways to do so i.e., spirituality, physical activity, a balanced diet, and sharing one's issues with someone reliable.

Mr. Kalim Ullah gave a brief introduction about **Richmond Fellowship Society (India)** which provides psychosocial rehabilitation for the people suffering from mental illness particularly Schizophrenia and allied disorders. The aim is to rehabilitate patients suffering from mental illness and integrate them back with the family and community.

The session ended with the Vote of Thanks from **Ms. Ekta Singh, Asst.Professor**, Dept. of Applied Sciences.

Name of the event: Seminar on “Importance of the Intestinal Micro Flora in Health and Disease” and “Role of Probiotics in Maintaining Good Health”

Date of the event: 15th March 2018

No. of Participant: 77

Summary of the event: **NSS Wing of Dronacharya Group of Institutions, Greater Noida** in association with **Yakult Danone India Pvt. Ltd.** organized a **seminar on “Importance of the Intestinal Micro Flora in Health and Disease” and “Role of Probiotics in Maintaining Good Health”** on **15th March 2018** at the Dronacharya Group of Institutions, Greater Noida. The aim of this session was to create an awareness amongst student regarding importance of Micro Flora for digestion.

The seminar was attended by around 75 students of B. Tech 2nd Semester alongwith **Prof Vinod Kumar** HOD-APS, **Prof. S.K. Srivastava**, **NSS Program Co-ordinator**, **Ms Devangi Grover** and **Mr. Prassan Sharma**.

The event began with the floral welcome of **Ms. Jyoti Bohra**, Sr. Executive-Science, Yakult Danone India Pvt. Ltd. by **Prof. (Dr.) Ashish Soti**, Hon’ble Director, DGI, Greater Noida.

Ms. Jyoti Bohra started the session with the discussion on the usefulness of probiotics for Indian conditions. She said that Probiotics are live bacteria and yeasts that are beneficial for our health, especially the digestive scheme. People usually think of bacteria as something that causes diseases, but our body is full of bacteria, both good and bad. Probiotics are often called "good" or "helpful" bacteria because they help keep our self-healthy.

Ms. Bohra, pointed out that researchers are yet attempting to calculate out which bacteria are best for certain health problems. Some common conditions they treat are Irritable Bowel Syndrome, Inflammatory Bowel Disease (IBD), Infectious Diarrhea (caused by viruses, bacteria, or parasites), Antibiotic-related diarrhea etc.

Talking about the pressure of Probiotics, Ms. Bohra said that they are found in foods such as yogurt, while probiotics are found in whole grains, bananas, onions, garlic, honey and artichokes. In addition, probiotics and probiotics are also added to some foods and are available as dietary supplements.

The session came to an end with group photograph, distribution of Yakult drink amongst all the participants and presentation of memento to **Ms. Jyoti Bohra** by **Prof. (Dr.) Ashish Soti**.

Once freshened up, the team went to BBMB Hydroelectric Power Project. The students were divided into two groups and were accompanied by Assistant Superintendent Engineer **Er. J.P. Gupta** and **Er Manjeet Kaur** who guided them. They were briefed about the working principles of Pandoh Dam. The students were taken to the machine hallway, turbine section and control section of the powerhouse where they learnt practical aspects of Hydropower Engineering.

The guides explained the agricultural and economic benefits of the project, dead storage cleaning process, filtration of suspended solids before entering they enter the turbines, type of turbine used etc. **Er. Gupta** said that the dam was constructed in 1977 with majority of work being done manually. Even now the data management system of the dam is effectively run manually.

The water is used for power generation at the Dehar Power House before being discharged into the Sutlej River, connecting both rivers with the help of an underwater tunnel of nearly 13Km.

After the visit to Sundernagar Power Project, the team headed for Manali.

15th March 2018

The workshop started with the lighting of lamp by the dignitaries from MHRD, UGC and AICTE.

Dr. R Subramanyam, Honourable Secretary of Higher Education stressed upon improving the overall management of the Indian institutions. He suggested that the technology has evolved at a very fast pace and it can provides solution to many problems in order to better manage our institutions. He further added that so much of good work is happening but not everything gets reflected in the press or the press sometimes reports it in a very distorted manner, so it is necessary for us to create a network of all the social media cells in every institutions so that a good work done in one institution can be spread across in a better way to others.

Dr. Anil Swaroop, MoS (School Education & Literacy) said that one thing that we should not do while interacting with social media is to claim something which we aren't. He advised all to be blunt about the facts as they stand and never ever play with facts. Social media can be a great instrument to create aspirations and one can recognise people for their good work he added.

Dr. Satyapal Singh, Honourable Minister of State (MHRD) said that social media has become a very powerful tool today for uniting educational institutions to spread good work across other educational institutes. This potential must be harnessed to promote and spread valuable information. He was op the opinion that knowledge must be expressed, shared and expanded. He also laid emphasis on MOOCs courses.

Dr. Pankaj Mittal, Additional Secretary UGC explained about SWAYAM platform, developed by [Ministry of Human Resource Development \(MHRD\)](#) and [All India Council for Technical Education \(AICTE\)](#).

A recorded speech of Honourable Minister of MHRD, **Mr. Prakash Javedekar** was played.

Prof. Anil D Sahashrabudhe (Chairman AICTE) informed that in order to keep technical educational institutes updated and integrated AICTE has taken significant initiatives in the use of social media. With increasing number of followers on twitter and Facebook. He encouraged all to actively participate in Smart India Hackathon.

Shri Shashi Shekhar, CEO, Prasar Bharti advised that educational institutions should use social media in a very institutionalized way with standard operating procedures and best practices to deal with real crisis.

Name of the event: Discourse On Enhancing Inner Strength

Date of the event: 7th August, 2018

No. of Participant: 50

Summary of the event: NSS Wing of **Dronacharya Group of Institutions, Greater Noida** organized a **Discourse on "Enhancing Inner Strength"** on **7th August, 2018**. The discourse was delivered by **BK Sister Ritu Thakkar** in association with **Brahma Kumaries World Spiritual University**.

Delivering the welcome address, **Asst. Prof. Ms. Devangi Grover** informed that awarded by World HRD Congress and Reliance Communication for her Outstanding Contribution in Training and Development, Sister Ritu Thakkar has conducted training programs at various Corporates, Armed Forces and Educational Institutes. She has delivered programs on topics like Designing Life, Power of Positive Relationships, Inner well-being, Mentor for Success, Heal your Emotions to Heal your Life, Client Relationship Value, Effective Team Building, Leadership Skills, Customer Service, Grooming and Etiquette and many more.

Prof. (Dr.) Ashish Soti, Hon'ble Director, Dronacharya Group of Institutions, Greater Noida welcomed the guests, **BK Sister Ritu** and **BK Sister Preeti** with bouquet.

Prof. Soti said that the purpose of the workshop was to raise one's understanding of self-awareness leading to self-realization. Such workshops and seminars are conducted at **Dronacharya Group of Institutions** with a motive to empower the students to explore insights and understand the spiritual laws and principles which sustain harmony and bring natural renewal at all levels of life on earth.

Starting the session, Sister Ritu laid emphasis on understanding the relationship between acquired values and innate values, between values and virtues and the importance of reviewing and renewing our values at the deepest level of our life.

Sister Ritu offered insights into evolution and creation, illustrating why the world is so fragmented today, and explaining the values, roles and relationship between diverse human interest groups and disciplines such as religion, science, politics and business.

Director
Dronacharya Group of Institutions
27, KP-III, Greater Noida-201306

Sister Ritu also explained how to evolve as a good human being. She said that the role of the mind, and the interplay between the mind, the intellect and the personality is understood through a process of self-observation. Through such practices, one can learn to be quiet and control the mind, allowing the conscience to be clearly heard. Conscious awareness of the soul is then developed, allowing full understanding of the self.

Various activities were conducted during the session which helped the participants not only to understand themselves but also learn how to co-exist with the entire nature.

Prof. Ashish Soti concluded the program with a very encouraging speech. He advised the participants to practice the techniques as suggested by Sister Ritu to enhance and understand their internal strength. He appreciated and praised the guests for the conduction of the event.

Dr. S.K. Srivastava, Coordinator - DGI NSS Wing, proposed the Vote of Thanks.

No. of Participant: 60

Summary of the event: **Dronacharya Group of Institutions, Greater Noida** organized a lecture on **“Importance of Educating Girl Child”** on **24th January 2019** for the people in nearby locations. Faculty members and students of final year went to the nearby village and guided the people.

The objective of the lecture was to guide the people about the importance of educating child and to make them know the scheme of the government for girl.

Faculty members told the people a country progress and development depend upon the rate of girl education. They said with changing times, girl are being educated in every family and enrolled for higher education too. Education boost confidence of girl child and helps them in living happy life.

Later students told in India, people have a long way to go in terms of girl's education. There are still few people in the society who thinks that education is not the right of a girl. They still differentiate between male & female in terms of facilities to be given to them. They told many initiatives were taken by the government for girls. Child marriage has been controlled to a great extent, reservation for women in both government & non-government organisation by the government is also a significant step. **“Beti Bachao Beti Padhao”** is one of the initiatives of our government.

In the end doubt of the people were also cleared by the faculty members and students.

Name of the event: seminar on “Importance of the Intestinal Micro Flora in Health and Disease” and “Role of Probiotics in Maintaining Good Health”

Date of the event: 15th March 2018

No. of Participant: 80

Summary of the event:

NSS Wing of Dronacharya Group of Institutions, Greater Noida in association with **Yakult Danone India Pvt. Ltd.** organized a **seminar on “Importance of the Intestinal Micro Flora in Health and Disease” and “Role of Probiotics in Maintaining Good Health”** on **15th March 2018** at the Dronacharya Group of Institutions, Greater Noida. The aim of this session was to create an awareness amongst student regarding importance of Micro Flora for digestion.

The seminar was attended by around 75 students of B. Tech 2nd Semester alongwith **Prof Vinod Kumar HOD-APS, Prof. S.K. Srivastava, NSS Program Co-ordinator, Ms Devangi Grover and Mr. Prassan Sharma.**

The event began with the floral welcome of **Ms. Jyoti Bohra**, Sr. Executive-Science, Yakult Danone India Pvt. Ltd. by **Prof. (Dr.) Ashish Soti**, Hon'ble Director, DGI, Greater Noida.

Ms. Jyoti Bohra started the session with the discussion on the usefulness of probiotics for Indian conditions. She said that Probiotics are live bacteria and yeasts that are beneficial for our health, especially the digestive scheme. People usually think of bacteria as something that causes diseases, but our body is full of bacteria, both good and bad. Probiotics are often called "good" or "helpful" bacteria because they help keep our self-healthy.

Ms. Bohra, pointed out that researchers are yet attempting to calculate out which bacteria are best for certain health problems. Some common conditions they treat are Irritable Bowel Syndrome, Inflammatory Bowel Disease (IBD), Infectious Diarrhea (caused by viruses, bacteria, or parasites), Antibiotic-related diarrhea etc.

Talking about the pressure of Probiotics, Ms. Bohra said that they are found in foods such as yogurt, while probiotics are found in whole grains, bananas, onions, garlic, honey and artichokes. In addition, probiotics and probiotics are also added to some foods and are available as dietary supplements.

Name of the event: Seminar on "Gender Sensitization"

Date of the event: 28th July 2017

No. of Participant: 3

Summary of the event:

Network 18 conducted a one day seminar on "**Gender Sensitization**" on **28th July 2017**. It was organized at **Hotel Radisson Blu, Noida** in association with TATA Tea. **Ms. Gurpreet Kaur, Assistant Professor** (MBA Department) along with 2 MBA students, **Sonal Honda & Shubham Singh** attended the seminar.

The seminar which started at 1.00PM was divided into two sections.

The first **Panel Discussion** was chaired by **Mrs. Rashmi Anand, Activist & Member of Crime Against Women Cell** . She shared her life experiences . She said that, she re-started her life at 35 - traumatised and fearful. She left a violent marriage of 10 years with 2 children, a daughter, then 9 and a son, then 5. Her beautiful little daughter had become quiet and withdrawn and her son had stopped speaking completely.

Dronacharya Group of Institutions
27, KP-III, Greater Noida-201306

Mrs. Anand has published 11 books on human spirit of joy and abundance, of life and death and honoring and cherishing and living every moment of life. She said that she is working with issues of Gender and Domestic Violence, having voluntarily counseled hundreds of women at the Crime Against **Women Cell of Delhi Police** at **Nanakpura New Delhi**, over a period of 5 years.

The second guest was **Dr. Ranjana Kumari** who is a renowned academican and social activist, and is currently serving as **Director of the Centre for Social Research in Delhi**, and is also the Chairperson of **Women Power Connect**, a National level organization of women's groups. Lotus Leadership Award winner (2015), **Dr. Kumari** has dedicated her life to empowering women across South Asia and has authored many well - known publications.

The Centre for Social Research (CSR), established in 1983, is an advocacy group for women based in **New Delhi, India**. The group tries to bring attention and justice to all marginalized and underprivileged areas of society.

Both the panelists were of the opinion that "**Gender Sensitization**" should be a compulsory subject in Indian academic curriculum.

As per **Mrs. Rashmi Anand**, boys should also be taught about equal rights of girls. The activities that a child observes at home during his/her childhood have a greater impact in their life.

Dr. Ranjan said that when a child is born whether it is boy or girl, we purchase things as per their gender. As per **Dr. Kumari**, all the citizen of India should understand and have "**Respect of other Human**".

Tata Tea has taken the initiative and has come up with the slogan "**Alarm Bajne Se Pehle Jaago Re**".

The second panel discussion was on a case study. Network 18 team invited a family from **Alwar, Rajasthan**. **Mr. Hannub Khan, head of the family**, has 2 sons and one daughter. He had stopped his daughter from going to school. But after counseling from various Social Organization, he agreed to continue his daughter's education at the school which is 20KM away from his village.

The seminar ended with the Q&A session.

Summary of the event:

Dronacharya Group of Institutions, Greater Noida joined the nation in celebrating **71st Independence Day** with Patriotic Fervor and Enthusiasm on **15th August 2017**. The National Flag was unfurled by the **Hon'ble Director, Dr. Ashish Soti**.

Student and Staff sung the National Anthem.

Addressing the gathering on this auspicious occasion, **Dr. Soti** spoke insight of freedom struggle and its significance in the present day society. He reminded that the struggle for freedom started with India's colonization which started with the arrival of the British East India Company in the late 1600s. Britishers came to trade with India but soon began to exercise military and administrative control and by 1757, they took control of everything under them.

Sharing the importance of Independence Day, **Dr. Soti** said that it is something special. We all get together with no discrimination of religion, caste, colour or gender. He reiterated that the equality is to be maintained all time. He advised all to adopt the human values of truthfulness, honesty, integrity, compassion and non-violence and become a good citizen of India.

Students and staff members witnessed the celebration. The event ended with distribution of sweets.

Name of the event: Workshop on "Master your Mind"

Date of the event: 25 September, 2017

No. of Participant: 80

Summary of the event:

On **25 September 2017 DGI NSS wing of Dronacharya Group of Institutions, Greater Noida organized a workshop on "Master Your Mind"**. The purpose of workshop was to introduce the concept of mental training and learn "**How to effectively manage our thoughts and emotions**", "**Use work pressure to our advantage and influence our body and mind in a positive way**".

Hon'ble Prof. B. L. Kaul, Registrar, Dronacharya Group of Institutions, Greater Noida, welcomed the guests **Sister Priti & Sister Kamla** from Brahmakumaris.

Sister Kamla started the session with a discussion on **external stimuli**. She said that the stimuli, **Form, Touch, Smell, Taste and Sound** reach us through our sense organs, which initiates creatures to react accordingly.

Sister Kamla said that the instrument or mechanism within man that receives and processes the stimuli is called the **mind**. If one's mind is not attentive and wanders a person cannot hear what is said to him. She further explained that the mind cannot come to a decision; it only receives the stimuli and then submits it to a higher authority, called the **intellect**; the judging faculty. The intellect judges how we are to react to situations and what responses we must make. The finale decision comes from the intellect.

Explaining the role of intellect, **Sister Kamla** said that every one's intellect comes to a judgement depending upon his impressions of his past life experiences (**samskar**). Past experiences control, direct, regulate, and discipline our present reactions to the world, because our intellectual judgement is coloured by its past experience. If we hold on past in our mind it creates a lot of disturbance for self and others. She advised all to become the master of the self and create a good future with pure feelings and wishes.

Sister Preeti talked about the 5 thoughts - **Positive, Negative, Intellectual, Necessary and Waste**. She said that positive thinking is when the right thoughts are created in unfavourable situations. So far it is believed that thoughts are linked to the environment around us, it's just so natural that when there is a crisis outside, there will be a crisis inside. But spirituality teaches us that what is inside, is independent from what is outside. Negative energy needs to be blocked from the inside. The problem starts when the thought starts driving us instead of the other way round.

She further discussed the basic quality of soul i.e., is **knowledge, purity, bliss, happiness, love, power and peace**. These basic qualities evolve a pure mind. The purer is the mind, the easier it is to control. Purity of the mind must be insisted upon. Perfect morality takes complete control over mind.

She advised to meditate daily and observe ones thoughts. Throughout the day, one must take a moment to deep breathe.

Speaking at the event, **Prime Minister Narendra Modi** stressed on his **Swachh Bharat Abhiyaan**. Addressing the event, PM Modi said that Indians do not have the right to chant **Vande Mataram** if they go on to spit pan and throw garbage on roads. He further added that those who clean the roads and surroundings have the first right in the country.

Speaking about **Swami Vivekananda's address** in **Chicago** on **11 September, 1983**, **PM Modi** said people in India remember 9/11 of 1893. Just with a few words, a youngster from India won over the world and showed the world the power of oneness, the Prime Minister said.

The focus of Prime Minister **Narendra Modi's** speech was largely on his clean India mission. **PM Modi** said India is standing at a global stage due to the people power. "**India is changing, India's standing at the global stage is rising and this is due to Jan Shakti,**" he said.

Prime Minister asked students to stop being afraid of failures. He said that no one in this world has succeeded without failures. He further said knowledge and skills are equally important. He said that people in the country should be job-creators and not job-seekers.

He further went on to ask the youths to respect women. He said those who do not respect women need to think about the teachings of Swami Vivekananda. "**The word of Swami Vivekananda My Brothers & Sisters gave the world the message of Universal Brotherhood,**" the Prime Minister said.

Addressing the event, Culture Minister **Mahesh Sharma** spoke about Swami Vivekananda's achievements.

Sports Minister, **Rajyavardhan Singh Rathore** proposed the Vote of Thanks.

Date of the event: 13th November, 2017

Summary of the event:

Department of Mechanical Engineering, Dronacharya Group of Institutions, Greater Noida & DGI-NSS Wing organized a **Motivational Talk on “Science, Technology & Spirituality”** On **13th November, 2017**. The Talk was conducted by **Dr. Muralindran Mariappan** in association with Brahma Kumaris World Spiritual University. **Dr. Mariappan** is the Head of Robotics & Intelligent Systems (myRIS), Artificial Intelligent Research Unit of Malaysia. He is also a Self-Empowerment Motivator and Meditation Teacher at **Brahma Kumaris, Malaysia**.

The purpose of workshop was to understand that Spirituality is understanding ourselves and the laws of universe through the tools of Science and Technology”.

Hon’ble Prof. (Dr.) Ashish Soti, Director, Dronacharya Group of Institutions, Greater Noida, welcomed the guests **Dr. Mariappan and Sister Preeti**.

While discussing Science & Technology during his discourse, **Dr. Mariappan** said that it is a double-edged sword which can be used to help humankind and also to destroy it. He emphasized that we humans need to understand that it is not technology but humans using technology who apply it to cause harm.

Dr. Mariappan believed that Spirituality also helps us to have a compassionate view of nature. He said that when we think deeply and for a long time about anything, whether it is an idea or an object, then the brain has a tendency of focusing on it like a laser and in that process the object vanishes from the vision field and only its germ or the spirit remains.

Director
Dronacharya Group of Institutions
27, KP-III, Greater Noida-201306

While explaining the role of science, **Dr. Mariappan** said that is something that everyone can see with their physical senses, and a theory is a way of organizing those physical observations into a coherent structure. Subjective elements are disregarded because no one else can see (with their physical senses) what is going on inside a subject's head. Spirituality also recognizes that 'observers' exist, but instead of disregarding the subjective observer, spirituality delves inward to discover the nature of that observer. It deals with both the idiosyncratic differences and the universal commonalities of human nature, and tries to give people an orientation to the world, or moral compass, that allows them to live better lives as subjective selves.

Hon'ble **Director Prof. Ashish Soti** concluded the program with a very encouraging speech. He appreciated and praised the guests for the conduction of the event. He reiterated the importance of Science, Technology and spirituality in ones life.

Prof. DV Bhise, HOD Dept. of Mechanical engineering proposed the Vote of Thanks.

Bajaj Group and other dignitaries were present on the occasion.

Ms. Rasveen - Assistant Professor and Muskan student of 2nd Year (Department of Electronics and Communication Engineering) attended the conference on behalf of Dronacharya Group of Institutions, Greater Noida.

Inaugurating the event, the Vice President congratulated BYST for completing 25 years in the service of youth entrepreneurship development through mentoring and handholding support. He said that rural India is rapidly changing and the rural youth too are well informed. They are eager to learn and have an entrepreneurial spirit. He stressed that fostering Grampreneurship can transform aspirational rural India. He further said that the present Government has been tirelessly working to promote inclusive growth, to make India as one of the fastest growing economies in the world. Policies like **Start-up India** and **Atal Innovation Mission** are geared to support the start-up environment, he added.

The Vice President opined that the core belief is that the poor are entrepreneurial and have innate desire to come out of poverty. The challenge is to unleash their capabilities to generate meaningful and sustainable livelihoods, he added.

The Vice President suggested that the constraints like access to credit, advantages of technology, marketing support need to be addressed and the BYST model of mentoring can play a significant role in the growth of entrepreneurial culture. He further said that the challenge is to encourage more youth to make the choice of becoming entrepreneurs, rather than be job-seekers. Many more opportunities for decent livelihoods must be created rapidly in the rural areas, he added.

Mr. Rahul Bajaj, Chairman of Bajaj Group emphasized upon providing empowerment to the entrepreneurs of rural areas to nurture the economy.

Guest of Honour, Prince Charles in his address acknowledged the initiatives of BYST which has led to many jobs creation in the course of setting businesses.

The session showcased the impact of the UK-India collaboration.

Young Grampreneurs who have achieved extraordinary business growth and created multifold employment with BYST support were felicitated on the occasion.

Summary of the Event :

NSS Wing of Dronacharya Group of Institutions, Greater Noida organized a **Health Awareness Session** on "STROKE" in association with **Dr. Reddy's Foundation for Health Education (DRFHE)** and **Confederation of Indian Industries (CII)** on **21st July 2016**. **Dr. Atampreet Singh, Neurologist**, Fortis Hospital conducted the session. 38 staff members attended the session at **DGI, Greater Noida**.

The objective of the session was to provide an overview of stroke disorder in India and help stroke survivors to improve the quality of their lives.

After the introduction of **Dr. Atampreet Singh** by **NSS Coordinator Mr. Abhishek Swami**, the session started with the welcome of **Dr. Singh** with a bouquet by **Prof. (Dr.) S.K. Bagga, Director, DGI Greater Noida** as a token of respect.

Dr. Singh commenced the session with the overview of stroke. He focused on causes of stroke and said that stroke occurs when the blood supply to brain is interrupted or reduced due to bleeding or blockage. This deprives brain of oxygen and nutrients, which can cause brain cells to die.

Dr. Singh pointed out that hypertension and diabetes are the main causes for stroke. Smoking and consuming alcohol also causes stroke. He said that stroke can be prevented by controlling **high blood pressure, avoiding tobacco use and leading a healthy life style**.

Dr. Singh said that delay in visiting hospital results in delay in recovery from the stroke. One should not delay in visiting nearby clinic or undergoing X-ray or on other routine checkups when required. He also added that the recovery of those affected with the stroke would depend on how soon those people visit the hospital for treatment.

The seminar ended with the query session. **Dr. Singh** was presented with a memento by **Director Prof. (Dr.) S.K Bagga, DGI, Greater Noida** for conducting the awareness session.

Dr. S.K. Srivastava, Coordinator, DGI NSS Wing rendered Vote of Thanks.

Name of the Event : Celebration of Constitution Day

Date of the Event : 26-11-2016

No. of Participants : 3

Summary of the Event :

“Our Federal Constitution embodies the idea of Modern India:it defines not India but also Modernity.” - Dr. Pranab Mukherjee, President of India.

Constitution Day (Samvidhan Divas) is celebrated on **26th of November** every year in India to honor and remember the **Father of Constitution, Dr. Bhimrao Ramji Ambedkar**. The **constitution of India** was adopted by the **Constituent Assembly** on **26th November 1949** and came into force on **26th January** in **1950**. **Dr. Ambedkar** was invited by the government to serve as the first Law Minister of India and was appointed as the Constitution Drafting Committee’s Chairman. The constitution of India was adopted to constitute the country as an independent, communist, secular, autonomous and republic to secure the Indian citizens by the justice, equality, liberty and union.

Director

Dronacharya Group of Institution, Greater Noida celebrated **Samvidhan Divas** on **26th November 2016** to create an awareness about the **Constitution of India** amongst the students. The aim of the event was to inculcate values in the young minds and also inspire them to be law abiding citizens of the country. It is believed that this small effort will enrich the ability of students regarding their responsibilities towards the Nation.

Prof. S. K. Bagga, Director, DGI, Gr. Noida highlighted the significance of celebrating the Constitution Day. He said that the Constitution is a core legal document which lists out fundamental rights of citizens, their duties, role of the government, interaction between the government and its citizens, powers of the Prime Minister, President, Governor and Chief Minister and defines how the federal structure of the country is maintained. **Prof. Bagga** also threw light upon the hardships and journey of **Dr. B.R. Ambedkar**, who was the chief architect of the Indian constitution.
