# Engineering skills for the global professional

Purdue NExT - Online skill based courses in upcoming technologies by Purdue University

Purdue's College of Engineering Graduate Program is ranked

**No. 8**  
among all  
U.S. universities

Raise your employability quotient with  
**Purdue NExT**  
Courses

Learn from globally acclaimed faculty and researchers

Build knowledge base using latest technologies

Improve core subject knowledge

Earn globally recognised certification

High tech simulations, Interactive faculty lectures, videos & PPTs

Cutting edge courses in latest technologies

Business Systems | Chemical Engineering | Computer Science | Electrical & Computer Engineering | Liberal Arts | Mechanical Engineering

# Wiley Online Training & Certifications

## Most Powerful Global Proof of Job Readiness and Professional Competence

Wiley's Skill Training and Assessment programs bring a range of global and outcome-oriented solutions for organizations and professionals building expertise & retaining competence across fields.

These unique solutions focus on development of the most in demand core skills in the job market today. Leveraging the globally respected body of knowledge and robust learning platforms, we offer learning and skill development solutions in emerging tech areas such as ...

the WILEY way...

**Mastering Skills + Knowledge = Ability to get a job**

Interactive video-based learning modules

Industry-relevant projects & labs in a simulated environment

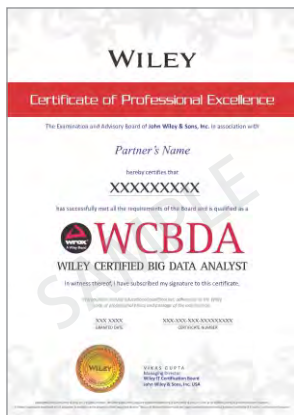

Assessments for evaluating skill levels

All of these focus on enriching the skill level of learners by simulating real-life working experiences.

Global certificate

## THE CAREER LIFE CYCLE

Coursework &  
Academic Degrees

Job Readiness  
& Career Launch

Ongoing Skill  
Development

Compliance &  
Certifications

Career Recognition  
& Advancement

### Available in Online and Hybrid Format

- Complete learning and instructor resources for standardized and interactive training. Supported by Train the Trainer programs conducted by leading industry experts.
- Learner centric, and easily accessible learning platform, for learning in a multimedia format.
- Along with assessments and performance analytics included.

WILEY also provides Instructor-led programs through its Partners

## BENEFITS OF THE PROGRAM

### For Learners

- A global learning program that is:
  - transformative learner centric
  - outcome oriented
- Enables development of expertise in critical skills relevant in the industry
- Enables students to develop the core competencies in specific job roles, and gather deep understanding of expectations of recruiters and hiring managers

### For Institutions/Corporates

- A complete solution for training assessments certification in emerging tech areas
- International quality training resources and methodology, calibrated as per key requirements of various job roles
- Availability in multiple delivery formats
- Global joint certification
- Capability to integrate with various existing courses for a dynamic program
- Fully competent students/employees

### For Instructors

- Comprehensive training resources suitable for delivery in multiple formats
- Branded global learning resources with unique pedagogy
- Focused assessments, labs, projects, and case studies for hands on skill development
- Instructor support in the form of Instructor Development Workshops and instructor resources for standardized instruction and evaluation

## About the GMAT®

The Graduate Management Admissions Council (GMAC) is the association of leading graduate business schools around the world. GMAC is the owner and administrator of the Graduate Management Admissions Test (GMAT®). Created in 1954, the GMAT® is the first and only standardized test specifically designed for graduate business and management programs. Available in nearly 100 countries, it is the global standard for entry to the MBA degree course.
